

# Fruitful Trip to Singapore

e.Energy management team, Mr. Adam To (Chairman), Mr. Richard Yan (CEO), Professor Henry Chung (Founder/Director), and Mr. David Leung (Sales & Marketing Director) visited Housing & Development Board (HDB) of Singapore during 18-20 July 2009 to inspect the T&K LMS dimmer installation.

The e.Energy management team treasures Singapore to be another important market for T&K LMS. Besides the HDB, the team also visited clients like Sun-Tec City and National University of Singapore (NUS) to check on the performance of T&K LMS installed.

This Singapore trip is very fruitful as the markets give very positive signals and insight to the management team.

Mr. Richard Yan (Left), Professor Henry Chung (Middle) and Mr. David Leung (Right) visited Sun-Tec City.

Professor Henry Chung, Mr. David Leung, Mr. Richard Yan and Mr. Adam To (from left to right) have a site visit to Singapore HDB.

Professor Henry Chung inspected the installation in switch room.
